Re: Required Submission of Information
Lower Darby Creek Area Superfund Site –
Clearview Landfill, Folcroft Landfill, and Folcroft Landfill Annex

Dear Ms. Prisk:

With further reference to your letter of April 18, 2002 to Mr. Oles of Nason and Cullen, Inc. in connection with the above matter, I wish to advise you that, after conducting a thorough search, my client, Nason and Cullen, Inc. ("Company"), is unable to provide you with the information and/or documents you have requested for the period 1958 through 1976.

Among other things, the only employee of the Company who was employed by the Company during that period is J. Russell Cullen, Jr., who does not have any significant knowledge regarding the responses to the questions posed. Furthermore, it was the practice of my client during this period to have a six (6) year retention policy regarding its documents and, as a consequence, it has no books, records or other documents relating to this period.

Finally, my client had, as its policy, the practice of not removing hazardous waste or other similar materials from projects on which it was involved and, thus, has no record or recollection of any of the activities described in your inquiry.

After reviewing the foregoing, should you have any questions, or wish to discuss this further, please give me your thoughts.
